# U.S. EXPORT SALES

- Outstanding Export Sales  
(Unshipped Balances)  
On September 7, 1975
- Export shipments in  
Current Marketing Year
- Daily Sales reported  
September 8 - 16, 1975

-- As Reported by Exporters

Readers of this release are cautioned that it reports sales commitments outstanding as of the date indicated, all of which are subject to modification, deferral or cancellation by mutual agreement of the parties. It is unlikely that all reported quantities will be exported. Our experience with this monitoring system suggests that sales are apt to exceed exports, sometimes by substantial amounts, during periods when supplies are in balance with expected demand. Actual shipments to date may provide a more reliable measure of current export activity. A meaningful export projection is not obtainable by the simple device of adding outstanding sales commitments to exports to date.

U.S. DEPARTMENT OF AGRICULTURE, FOREIGN AGRICULTURAL SERVICE

EXPORT SALES REPORT

Comments on release of September 18, 1975 (based on reports from exporters during the week ending September 7, unless otherwise noted):

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1975/76 increased by 329,400 metric tons (MT). Commitments to the European Community (EC) increased by 83,000 MT and commitments to Japan rose by 125,200 MT. Buy-backs and cancellations jumped to 167,000 MT with a significant portion represented by a reduction of 101,600 MT in the commitment to East Germany.

Feedgrains: Total corn commitments for 1974/75 increased by 132,000 MT, with higher commitments to the EC (98,700 MT) and Mexico (62,500 MT) partially offset by a lower commitment to Japan (80,200 MT). For the 1975/76 marketing year, outstanding sales rose by 425,900 MT. Sales to Mexico increased by 145,000 MT while Japan and Poland increased their forward purchases by 127,300 MT and 71,100 MT, respectively. Total sorghum commitments for 1974/75 declined by 147,200 MT, while sales for 1975/76 increased by 132,900 MT. These changes were largely the result of contracts switched from 1974/75 to next year's delivery by Japan.

Sales reported under the daily reporting system during the period September 8-16 indicate corn purchases of 330,211 MT by Poland for February-May 1976 delivery, and 304,800 MT by Romania for January-April 1976 delivery.

Soybeans: The apparent export commitment for 1975/76 increased by 90,900 MT to 5.1 million MT during the first week of the marketing year. The USDA estimate of total exports of soybeans in 1975/76 is 12.2 million MT. Exports during the week totaled 198,200 MT; primarily to the Netherlands, Japan, Spain, the Republic of China (Taiwan), and Peru.

The 1975 U.S. soybean crop is currently estimated at 39.3 million MT, 5.7 million MT or 17 percent above last year's weather reduced harvest. Based on current domestic and export requirements, the carryover on September 1, 1976, would approach 10.9 million MT.

Soybean Oilcake and Meal: The apparent export commitment for 1974/75 declined by 67,600 MT, primarily reflecting a decline in commitments to the Netherlands. Exports during the week totaled 46,900 MT; primarily to West Germany, France, Ireland, Spain, and Canada. The rate of exports through 49 weeks of the 1974/75 marketing year has averaged slightly over 76,000 MT per week.

Cotton: The apparent export commitment for 1975/76 showed little change on the basis of very light foreign demand. Exports during the week totaled 63,300 running bales (RB). U.S. asking prices continued nominal at 7 to 9 cents above those for competitive growths. Since the spread between U.S. and foreign asking prices widened in July, U.S. exporters have sold about 290,000 RB. During the same period, about 210,000 bales of Turkish cotton and 125,000 bales of South Brazilian cotton were reported sold for export while very little Pakistan cotton was offered. Argentina has had good success in selling low quality cotton. Central American farmers are the only foreign producers who have shown strong interest in contracting at recent prices. They have reportedly contracted almost 400,000 bales of their 1975/76 crop at 46 - 52 cents per pound.
